Face

Night Moisturizing

1. After face wash or shower, pat face skin with towel and leave slightly damp.
※Based on preferences, face lotion can be applied after step 1.
2. Take pea-sized Sonbahyu and spread on both palms. Press it into your face with a gentle massage. Sonbahyu will lock in hydration and this can be evening routine before bed.

As Morning Make-up Primer

1. Same as evening care, please apply Sonbahyu to whole face.
2. After 5-6 minutes when horse oil is completely absorbed by the skin, please start make-up routine.

Elbows • Knees Heels

After shower, please apply Sonbahyu to these body parts. Especially at heels, please apply generously; We recommend using body wraps for few minutes at your heels for the boost of penetration and absorption of horse oil.

Hands • Nails

Hand...
Please apply Sonbahyu on hands several times a day to prevent dryness. Besides, apply before cooking or gardening activities can notably help protecting hands from water.

Nails...
Apply Sonbahyu as protectant on nails and its rims, a gentle massage can help enhance nail gloss.

Nose • Mouth

Sonbahyu is 100% horse oil. It can be applied inside mouth and nasal passages.

Hair • Scalp

Prevent Dull Hair and Split Ends

1. After shower, gently grab sections of hair within a towel, squeeze to remove excess water and leave slightly damp.
2. Take preferable amount of Sonbahyu and spread on palms.
3. Use both hands to comb Sonbahyu onto whole hairs while it is damp, dry the hair completely after this step.

Protect Scalp and Hair Roots • Prevent Dandruff and Scalp Itch

1. Before shower, please press Sonbahyu onto scalp gently with fingertips.
2. Let absorb for around 20 minutes and then shower to remove excess oil. ※Depends on preferences, you can apply Sonbahyu to the scalp post shower instead.

For Expectant Nursing Mothers & Babies

1. Breast Care

Sonbahyu Scent-free 100% horse oil can be applied in mouth or swallowed. It helps to ease irritations from breast feeding or the use of breast pump; provides safe and soothing solutions for nursing mothers.

2. Baby Cheek and Bottom Skin-care

Thickness of a baby's cheek and bottom skins are less than half of grown-up's. So that dehydration occurs easily and will end in skin dryness. Sonbahyu will effectively moisturize baby's delicate skin.

3. Pregnancy Smell Sensitivity Help

It is common to have heightened sense of smell during pregnancy. Sonbahyu Scent-free 100% horse oil will set free from the smell sensitivity worries while dealing with skin care.

4. As Massage Oil to Prevent Pregnancy Lines

Massages shall start since the early phase of pregnancy in order to prevent pregnancy lines. Apply Sonbahyu after shower on damp skin and enjoy a relaxing massage. Prevent dryness and preserve softness of the skin during pregnancy.
